Notification of Current Score
Premises Name : Copsewood House**

FOOD HYGIENE RATING

Havant Borough Council is adopting the Food Standards Agency nationwide scheme to publish a Food Hygiene Rating for food businesses in the Borough. **The ratings range from 0 to 5, with 5 being the best.**

From the record of your last inspection your business has been given a rating of:

5 - Very Good

This is calculated from the following compliance scores, where a low number is good and a high number is poor. A high score in just one area will adversely affect the rating.

| | |
|---|---|
| Level of current compliance with food hygiene and safety procedures | 5 |
| Level of current compliance with structural requirements | 5 |
| Confidence in management/control procedures | 5 |

The rating given above is calculated from the last inspection of your business. The table below shows the range of scores available.
